**Summer Reading Notes: Entering Grade 6**

Students are encouraged to keep notes on their summer reading selections. It is suggested that students recreate the following chart to structure their responses. Students may wish to make copies of the chart filling in chapter numbers that correspond to their novel. Assessments at each grade level will be based on the specified categories.

Fill in each box with important details, examples, and statements.

| Chapter          | Plot | Setting | Character |
|------------------|------|---------|-----------|
|                  |      |         |           |
