

HINGHAM PUBLIC SCHOOLS

BULLYING PREVENTION / INTERVENTION PLAN 2015-2016

RESPECT, RESPONSIBILITY, RELATIONSHIPS: THE THREE “Rs” FOR SAFE AND SUPPORTIVE SCHOOLS

The Hingham Public School District expects that all members of the school community will treat each other in a civil manner and with respect for differences. **Acts of bullying by students and staff which include cyberbullying are prohibited. Retaliation by students and staff against a person who reports bullying or provides information during a bullying investigation is also prohibited.**

Our school district is committed to providing all students with a safe learning environment that is free from bullying and cyberbullying. This commitment is an integral part of our comprehensive efforts to promote learning and to prevent and eliminate all forms of bullying and other harmful and disruptive behavior that can impede the learning process.

We will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyberbullying or retaliation in our school buildings, on school grounds or in school-related activities. We will investigate promptly all reports and complaints of bullying, cyberbullying and retaliation and take prompt action to end that behavior and restore the target’s sense of safety. We will support this commitment in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities and parent or guardian involvement.

The Bullying Prevention and Intervention Plan (“Plan”) is a comprehensive approach to addressing bullying and cyberbullying and the district is committed to working with students, staff, families, law enforcement agencies and the community to prevent issues of violence. In consultation with these constituencies, we have established this plan for preventing, intervening and responding to incidents of bullying, cyberbullying and retaliation. **This Plan applies to students and members of staff, including but not limited to educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities and paraprofessionals.**

BULLYING PREVENTION / INTERVENTION PLAN
2015-2016

Essential Element I: Leadership

- A. Public Involvement in Plan
- B. Needs Assessment
- C. Planning and Oversight
- D. Priority Statement

A. Public Involvement in Plan

District:

1. The Hingham Public Schools District Bullying Prevention/Intervention Plan was developed in collaboration with a Bullying Prevention Planning Task Force with 29 members, representing teachers and staff, administrators, parents, law enforcement and community representatives. Two informational summer meetings for the Task Force parent volunteers were conducted on Aug. 12 and 19, 2010. The Task Force met on Sept. 20 and Nov. 5, 2010. In addition to the meetings of the district Task Force, parent representatives from the group met regularly with each of the six principals with school councils (etc.) to develop and write the school-based Bullying Prevention/Intervention Plans.
2. Notice and a public comment period on the Plan was scheduled from Nov. 22 to Dec. 6, 2010. The proposed district Plan was announced in the superintendent's newsletter and posted on the district website for comment. Principals at all schools included notice of the Plan and the public comment period in school newsletters and principal/parent list serves.
3. The Hingham School Committee approved the Plan at the Dec. 6, 2010 school committee meeting.

B. Needs Assessment

District:

District/school leaders, with input from families and staff, assessed adequacy of current programs, reviewed current policies/procedures, reviewed available data on bullying and assessed available resources to identify areas of need and set priorities. At a district Leadership Team meeting on Oct. 28, 2010, school-based and district administrators and department resource leaders (37) completed a comprehensive needs assessment to identify strengths, resource gaps and significant areas of need. The needs assessment summary was shared and input was collected from the parents and staff at the Nov. 5 Task Force meeting.

Based on the needs assessment findings, the following priorities were established and action steps were planned and completed:

1. School Committee Policy: Definitions/Prohibition of Bullying, Cyberbullying and Retaliation
2. School Committee Policy: Internet Safety
3. Administration: Procedures to Report and Respond to Bullying, Cyberbullying and Retaliation

At the school level, students, staff and parents will be surveyed utilizing the MARC surveys. Survey results and the collection of additional data will be used on an ongoing basis to inform decision-making and planning for school-based bullying prevention/intervention initiatives.

At least once every four years beginning with the 2015-16 school year, the district will administer a DESE-developed student survey to assess school climate and the prevalence, nature and severity of bullying in our schools. Additionally, the school or district will annually report bullying incident data to the Department.

Similar tools to the student survey can be used with faculty, staff and parents/guardians to assist in determining school climate needs.
