

HINGHAM HELPS MASSACHUSETTS

# LEADING the NATION

## Arbor Day Celebration at PRS

---

*Hingham has been named "Tree City USA" by the National Arbor Day Foundation in recognition of the town's commitment to tree care. For the 30th year of this celebration, the Hingham Shade Tree Committee chose PRS to be the recipient of donated trees and to be the host of the celebration! Over April break, 7 new trees (Sargent Cherry and Japanese Lilac) were planted lining the driving and tennis court area.*

---

On April 27, 2018, Plymouth River hosted a beautiful celebration. Special guests included The Hingham Garden Club, Hingham DPW, Hingham Shade Tree Committee, Hingham Trees and Parks Department, PRS Green Team, Selectman Mary Power, State Representative Joan Meschino, and representation from Senator Patrick O'Connor's office. Students were recognized for writing poems, creating tree sculptures, and drawing posters.

Please enjoy the slideshow that captures the memorable celebration!
