HINGHAM HELPS MASSACHUSETTS

LEADING the NATION

(Affective Learning)

As part of ***Leading the Nation Week***, we are happy to highlight some special happenings at South Elementary School. Academics are alive and well at South Elementary, and so is **Affective Learning**. The ultimate theme of our school has always been "***Be Kinder than Necessary***!"
This year's focus was to explore what that phrase truly means by putting the words into action so we can spread a culture of positivity and kindness in our school community and beyond.
Thanks to our PTO, all staff were given the book ***What Does it Mean to Be Kind?*** to kick off our year of extending kindness. They also helped us to purchase a ***kindness library*** which is used by students and staff to promote and teach about what being kind truly is… We are very proud to share these photos of a very special activity that grew out of all of this, the ***Kindness Rocks Project.*** *

A special thank you goes out to the PTO, the senior class of 2018, and the Deady Family for their contribution to this project.
