As we approach the long holiday weekend...

1. When planning for next week, don't forget that we have our first school-wide **Student Council assembly on Wednesday** (X Block schedule) and our next **freshman advisory on Friday** (second half of F Block). Moreover, while the ninth-graders are in advisory on Friday afternoon, all sophomores will be called to the auditorium for a counseling assembly.
2. And when planning for the **HHS graduation** on May 30th (yes, that's just a bit farther on down the road), please make a note that we'll be going back to the old **5 PM** time (no conflict with state track championships this year) as in previous years. It's now official.
3. With Thanksgiving on the horizon, our amazing HHS PTO is already preparing the **annual pie give-away** for all faculty and staff. This year, in an effort to reduce waste (we've had lots of leftover pies the past few years), they're putting out an [online survey](#). Please take a moment to complete the two questions no later than Wednesday 11/13. Put me down as a "yes, pecan" please!
4. You already knew that **Andy Hoey** is a terrific teacher and department head...but did you know he is also a talented and accomplished actor? [See for yourself in Cohasset on Saturday night!](#)
5. **Thank you** for working so hard to wrap up first term and get your grades in by Tuesday morning at 8:30. You make it look easy, but I know it's an enormous amount of work, and it's exhausting. Now, please enjoy some well-deserved rest during the long weekend. You have earned it.

Let's make every moment of this long weekend count, and let's make sure we remember to **thank a veteran!**

**Rick Swanson
Principal
Hingham High School**
